IN REMODELING

The Holiday Season Is Almost Upon Us!

It's time for family gatherings and good friends. We'd like to share some news about how you can help put a smile on a child's face this holiday season as well as make your gift giving easier and more memorable.

Please read below to learn more about our Toys for Tots program, our Handyman Gift Certificates and the newest member of our team, Mike Krausman.

We wish you a wonderful holiday season and are thankful to have clients and partners like you in our lives.

Bring Your Unwrapped Toys to MainStreet Design Build

When we began remodeling our showroom by removing the kitchen displays, we quickly realized we had a great chance to help the community. With a large space available until the construction is finalized in 2010, we felt we had the perfect place as a Toys for Tots collection center!

Toys for Tots is a program managed by the U.S. Marine Corps Reserve to collect new, unwrapped toys in November and December of each year, and distribute those toys as Christmas gifts to needy children in the community in which the campaign is conducted.

"We are so appreciative of the help we are receiving from MainStreet Design Build. This year especially, we are in desperate need of toys. Toys for Tots could not function without businesses like theirs - we are so grateful and truly appreciate their willingness to help our local children have a Merry Christmas," said Debra Walls, Local Area Coordinator for the Southeast Michigan Toys for Tots Program.

Put a smile on a child's face by bringing unwrapped toys to the MainStreet Design Build showroom:

Introducing Mike Krausman Project Manager, Handyman Division

Mike Krausman has been in the construction and real estate business in this area for almost 25 years. He is known for his professional, experienced approach to each and every construction project he oversees.

Mike recently joined MainStreet Design Build to help bring his proven success to a new level of construction excellence in our Handyman Division. This division provides our clients all of the management and performance elements they have come to expect from our larger projects applied successfully to their smaller construction needs. Our Handyman Services Division will perform work as simple as changing the hardware on a door to small or medium projects that are often dismissed by other general contractors as "too small to bother with" but you need to get done.

Mike's leadership and commitment to quality result in projects that are completed on time and on budget. Mike is a Birmingham resident, and outside of the office he enjoys his yellow lab "Shayna", cooking, golfing and working on his own home improvement projects. He can be reached by calling our office at 248-644-6330 or email at mike@mainstreetdesignbuild.com.
