MainStreet Design Build Volunteers at Habitat for Humanity Blitz Build

BIRMINGHAM, MI – June 14, 2011 – An annual tradition continues at MainStreet Design Build. The president and founder of the company, Steve Ramaekers, and his team of skilled carpenters will be donating their construction and carpentry expertise June 14th and 15th at the Habitat for Humanity of Oakland County Blitz Build. The MainStreet team will be responsible for framing the second floor walls, floors and ceilings as well as constructing the roofing system of a two-story home.

"We really enjoy this event and being able to use our skill set to help those in need within our own community," said Steve Ramaekers. "It's just an incredible experience to see everyone working so hard to get the home built and ready for a deserving owner," he adds.

"Main Street Design Build has been an outstanding partner with Habitat Oakland County for many years," said Brad Irwin, director of partnerships, Habitat for Humanity of Oakland County. "Steve, Christine and their employees are true examples of 'paying it forward' by volunteering their skills, time, and energy to help make our Building on Faith Blitz Build a success. It's companies like this one that make it possible for us to improve the lives of friends and neighbors who are in need of decent, affordable housing."

Dwain May, Steve Ramaekers, Kyle Rich and Marq Dains are ready for work at the 2011 Habitat for Humanity of Oakland County Blitz Build.

ABOUT MAINSTREET DESIGN BUILD

Based in Birmingham MI, MainStreet Design Build is a full service design through construction firm serving the metro-Detroit area since 1991. The in-house architectural design team, along with a staff of licensed carpenters, offers residential clients innovative solutions for award winning additions, kitchen and bathroom transformations, custom home designs, and a handyman division for smaller projects.
